

**POOJA MODEL SCHOOL**  
**SESSION – 2026- 27**  
**MID- TERM PRACTICE WORKSHEET -01**  
**SUBJECT – SOCIAL SCIENCE**  
**CLASS – V**

DATE\_\_\_\_\_

NAME\_\_\_\_\_.

(M.M=50)

**A. Choose the correct options to fill in the blanks.**

(8×1=8)

1. The British reunited Bengal in the year\_\_\_\_\_.  
a. 1905.                      b. 1915.                      c. 1911                      d. 1920
2. The immediate cause of the Uprising was the introduction of the new \_\_\_\_\_.  
a. Enfield rifle              b. uniforms              c. ships                      d. Enfield vehicles
3. Mahabaleshwar and \_\_\_\_\_ are at almost the same latitude in India.  
a. Amritsar                  b. Solapur.                  c. Delhi                      d.Kolkata
- 4.\_\_\_\_\_ maps show features like mountains and rivers.  
a. Political                  b. Thematic                  c. Physical                      d. Road
5. The \_\_\_\_\_ are also called tablelands.  
a. Plateaus                  b. Plains                      c. Equator                      d. axis
6. The Prime Meridian passes through\_\_\_\_\_.  
a. New york                  b. Paris                      c.Greenwich                      d. Tokyo
- 7.The \_\_\_\_\_ are the source of many perennial rivers.  
a. Lakes.                      b. Glaciers.                      c.Rain.                      d. Seas
- 8.The British focused on growing cash crops like cotton and \_\_\_\_\_ for export.  
a.Wheat                      b.Rice.                      c.maize.                      d.indigo

**B. Fill in the blanks:-**

(5×1=5)

1. Dr. \_\_\_\_\_ became the first President of India.
2. \_\_\_\_\_ Zone is located between the tropics and the polar circles.
3. In \_\_\_\_\_ the Indian National Congress was formed.
4. Plateaus are store houses of \_\_\_\_\_ and natural resources.
5. A \_\_\_\_\_ is a model of the Earth.

**C. Define the following.**

(3×1=3)

1. Habitat
2. climate:
3. Altitude

**D. Write true or false.**

(4×0.5=2)

1. Weather includes average temperatures and rainfall over years. \_\_\_\_\_
2. The British adopted a divide and rule policy. \_\_\_\_\_
3. The IDL is the longitude where the date changes. \_\_\_\_\_
4. Places near the Equator receive a lot of heat and light of the Sun. \_\_\_\_\_

**E. Match the following – I**

(4×0.5=2)

- |                              |                             |
|------------------------------|-----------------------------|
| 1. Sahara                    | a. Non-Cooperation Movement |
| 2. Meteor                    | b. General Dyer             |
| 3. Mahatma Gandhi            | c. Hot desert               |
| 4. Jallianwala Bagh Massacre | d. Celestial body           |

**F. Give reasons.**

(3×2=6).

1. Mahabaleshwar is much cooler than Solapur .
2. We can't always use a globes.
3. Various symbols are used on a map.

**G. Write short answers.( Attempt any four)**

**(4×2=8)**

1. Explain Swadeshi and Boycott Movement.

1. Write a short note on Quit India movement?
2. What were the main causes of the uprising of 1857?
3. What are the different types of maps and what do they show?

**I. Read the passage and answer the given question.**

**(3x1=3)**

Greenwich Mean Time (GMT) is the time at the Prime Meridian. All meridians of longitude are of the same length. The distance between two longitudes is maximum at the Equator and keeps decreasing as we move towards the poles. The 180°E and 180°W longitudes fall on the same line. Therefore, it is simply called the 180° longitude.

**Read the given text and tick (✓) the correct statement(s).**

1. The longitudes are located at an equal distance from each other.
2. Greenwich Mean Time (GMT) is the time at the Prime Meridian.
3. The 180°E and 180°W longitudes are different lines.

**J. Mark the seven continents on the given outline world map.**

**(1×3=3)**

**Or**

**Picture based questions answer.**

## Picture Study

1. Identify the person.
2. What was he popularly known as?
3. Which organisation did he start?
4. What did he campaign against?
